GENERAL CONTRACT TERMS AND CONDITIONS

1. General Provisions

Application sent by Exhibitor is binding and irrevocable. ORGANIZER shall not accept incomplete applications, applications missing data, signature and/or Company seal (stamp). ORGANIZER hereby also reserves the right to decide upon admission of Exhibitor or of exhibits to the fair at its own discretion. Prices applying to exhibition spaces, connections, equipment and other services are stated in the application form. Information regarding the exhibition program constitutes a condition for the participation of the Exhibitor at the fair. The Exhibitor may exhibit only items shown in the application. The Exhibitor is bound to respect the deadlines specified according to this contract. In case any circumstances would occur that are not regulated by these terms and conditions, the general regulations, business practice and trade rules shall apply.

2. Exhibition Space

Foreign and domestic Exhibitors may participate in the fair, provided that the exhibits are pertinent to the theme of the event, that the exhibits do not represent a hazard neither to other Exhibitors nor to other items and equipment on the fair grounds, and that the exhibits are in no other way contrary to regulations. The commercial Agents and Importers may exhibit the items pertaining to the represented Companies. ORGANIZER shall decide upon allocation of exhibition space, by taking into account the best interest of the fair and the technical possibilities. In allocating the exhibition space ORGANIZER reserves the right to a derogation of 30% less or 10% more with respect to the original order. The smallest exhibition space that can be ordered by the Exhibitor is 12 m². Each modification of the allocated exhibition space has to be confirmed by ORGANIZER after receipt of a relative written request. ORGANIZER can move or close the exhibition halls entrances or exits, as well as, in case proven necessary, carry out other modifications regarding the exhibition space. ORGANIZER shall decide upon these measures to the best interest of the fair events. The Exhibitor is not allowed to transfer the exhibition space or part of the exhibition space to a third party without the prior written consent of the organizer. On the basis of the consent, the exhibitor is obliged to provide the information about the participants and their exhibition programme to the organizer, 60 days before the start of the fair. In case the demand for a certain type of exhibition site exceeds the exhibition space at disposal, ORGANIZER shall allocate the desired space type to the Exhibitors ordering a larger area of exhibition space. Before reaching this decision regarding exhibition space allocation, ORGANIZER shall inform about the situation in writing all Exhibitors having interest for such space type. The Exhibitor must be present at his exhibition space during the fair opening hours. ORGANIZER also reserves the right to choose the materials necessary to carry out the orders regarding equipment and connections in the exhibition space unless agreed otherwise.

3. Catalogue

The application form contains also an obligatory entry for the Fair Catalogue. The information supplied in the application form and contract shall also be valid as catalogue entry information. There is also a possibility to publish additional texts agreed upon with the ORGANIZER. If the data supplied in the application form is incomplete, only the general data regarding the Exhibitor will be published in the catalogue supplement. ORGANIZER shall be entitled to correct or reject the additional text for obligatory entry in the catalogue. ORGANIZER reserves the right to allocate the catalogue pages for commercials at its own discretion, provided that the page allocation has not been previously agreed upon in writing.

4. Exhibitor's cancellation of Application

In case the Exhibitor cancels the application already sent or accepted constituting this contract, they will be obliged to pay 40% of the price applying to the ordered exhibition space, if the cancellation is presented more than 30 days prior to the fair opening, 100% of the price applying to the ordered exhibition space if the cancellation is presented less than 30 days prior to fair opening. In case of cancellation relating to ordered equipment, connections or other services, ORGANIZER is entitled to a cancellation fee amounting to 15% of the order value. 5. Prices and Payments

The prices of exhibition spaces, equipment, connections, publicity services and entrance tickets, as well as other services, are defined in the application form. Beside the services ordered, the Exhibitor shall pay the application fee and the obligatory entry for Fair Catalogue as stated in the price list. For orders regarding technical connections and remaining equipment which are not ordered latest 21 days before fair opening, the prices shall be increased by 50%. ORGANIZER shall carry out the delayed order only if, according to their judgment, such execution of order is feasible as to technical and time limit requirements. The prices are set in EUR and apply for the fair term. The prices do not include compulsory value added tax. The Exhibitor undertakes to pay the amounts due within 15 days after receipt of the preliminary estimate and latest until application term deadline. The taxes are paid by the Exhibitor. After the signed application has been transmitted to ORGANIZER, the Exhibitor shall receive a preliminary estimate and same should be paid in full and without any deduction within the term stated in the estimate. The settlement of estimate in due time is the condition for allocation of exhibition space. In case of an order for advertising/publicity and other services being cancelled, ORGANIZER shall be entitled to a cancellation fee in the amount of the effectively incurred expenses. The Exhibitor shall receive the preliminary estimate for all necessary services regarding equipment, connections and/or other services ordered after application term deadline or during the fair term.
