# INTERNAUTICA 2026

V letošnjem letu praznuje **INTERNAUTICA** 30 let obstoja. Nastala je na stičišču idej, tehnologije in brezmejnne strasti do morja in z doslednim iskanjem kakovostnih in zanimivih vsebin ustvarila prostor, kjer vsak val nosi zgodbo napredka in vsako srečanje odpira nova obzorja. Med strokovno javnostjo, razstavljalci in obiskovalci, slovi kot najpomembnejši jadranski navtični sejem in predstavlja preverjeno izhodišče za dober posel.

**INTERNAUTICA** je več kot zgolj razstava. Je pomemben gospodarski in družabni dogodek, kjer se prepletajo tradicija navtike, sodobne tehnologije in trajnostna vizija prihodnosti. Ne gre le za predstavitev plovil, opreme ali storitev — gre za predstavitev idej, ki oblikujejo način, kako bomo živeli, raziskovali in sobivali z morjem v prihodnjih desetletjih. Za vse pomorske profesionalce in navdušence je ta navtični dogodek v mesecu maju nedvomno popoln uvod v prihajajočo poletno sezono.

Prisotnost vsakega od partnerjev in razstavljalcev na odru, ki ga ponuja Internautica, **pomeni več kot le predstavitev ponudbe; pomeni pogum, stopiti v ospredje, deliti svoje znanje in soustvarjati smer**

**razvoja navtične industrije.** Vsaka predstavljena inovacija, ima potencial, da postane nova referenčna točka. Vsak pogovor lahko preraste v strateško partnerstvo. Vsaka izkušnja, ki jo razstavljalci ponujajo obiskovalcem, lahko postane iskra navdih.

Paradni program Internautice so vsa leta obstoja **premierne predstavitve plovil in navtične opreme** ter različni atraktivni dogodki povezani z morjem, ki se zvrstijo v štirih sejemskih dneh. Sejem ponuja pestre možnosti za **slovensko gospodarstvo, turizem podjetništvo.** Predstavlja spodbudo za nove ideje naših najboljših inovatorjev s področja pomorstva. **Je navdih za iskanje rešitev, ki hočejo morju, Zemlji in okolju več vrniti in manj vzeti.**

Ne nazadnje pa je **INTERNAUTICA** nenadomestljiva priložnost za slovenski turizem – tudi ta išče vselej nove poti in načine za povezovanje med človekom in naravo in Portorož v času Internautice ponuja najboljše prizorišče za to.

V letu 2014 je v okviru iskanja novih vsebin nastal inovativen trajnostno naravnan koncept predstavitve električne mobilnosti, poimenovan **Zelena Avenija.**

Namen je bil in ostaja še danes, predstavljati tehnološko napredna, ekološko usmerjena plovila in vozila, in s tem promovirati zeleno mobilnost

**(Green Mobility).** V okviru tega programa so bili doslej predstavljeni mnogi električni in hibridni projekti različnih proizvajalcev, ekološko napredne tehnološke rešitve ter precej električno gnanih in hibridnih plovil.

**INTERNAUTICA** je prostor povezovanja. Med ljudmi, idejami in priložnostmi. Med izkušnjami in ambicijami. Med sedanostjo in prihodnostjo. Tukaj nastajajo zgodbe o sodelovanju, ki presegajo meje držav, kultur in industrij.

Kar danes doživljamo kot eno ključnih navtičnih srečanj v regiji, se je pred tremi desetletji začelo skromno z nekaj deset razstavljalci, a z vizijo, pogumom in entuziazmom, da se tudi pri nas lahko ustvari nov prostor povezovanja in napredka. in podjetništvo. Predstavlja spodbudo za nove ideje naših najboljših inovatorjev s področja pomorstva. Je navdih za iskanje rešitev, ki hočejo morju, Zemlji in okolju več vrniti in manj vzeti.

**Trideset let kasneje ta vizija še vedno živi in celo presega vsa začetna pričakovanja. INTERNAUTICA danes povezuje več kot tristo domačih in mednarodnih razstavljalcev in predstavlja preko tisoč različnih pomembnih blagovnih znamk. Ta rast ni zgolj številčna — je dokaz zaupanja, kakovosti in neprekinjenega razvoja, ki ga soustvarjamo prav vsi: razstavljalci, partnerji in obiskovalci.**

**Vsaka INTERNAUTICA nosi v sebi dediščino preteklosti in energijo prihodnosti. Iz skromnih začetkov je zrasla platforma, ki danes povezuje globalno navtično skupnost, spodbuja inovacije in postavlja nove standarde v tej industriji.**

Hvala vsem, ki ste del te zgodbe.

Jurij Korenc  
INTERNAUTICA 2026

# INTERNAUTICA – 30 Years of Connecting the Sea and People

**INTERNAUTICA**, the International Boat Show, celebrates its 30th anniversary as one of the most important nautical events in the Adriatic region. Held each May, the show marks the start of the nautical season, what began as a small gathering driven by vision and enthusiasm has grown into a leading platform that brings together over 300 exhibitors and more than 1,000 renowned brands from around the world.

More than just an exhibition, **INTERNAUTICA** represents a dynamic meeting point for ideas, innovation, and collaboration. It unites maritime tradition with cutting-edge technologies and a strong commitment to sustainability, shaping the future of how we interact with the sea. Every edition offers opportunities for new partnerships, inspiration, and business growth, making it a key event for professionals and sea lovers alike.

Over the years, the event has become known for its premiere presentations and diverse programs, including initiatives such as the **Green Avenue**, which highlights

environmentally responsible mobility and advanced technological solutions. From its modest beginnings to hosting hundreds of exhibitors and global brands, **INTERNAUTICA** continues to grow as a symbol of progress, cooperation, and innovation in the nautical world.

Set in Portorož, **INTERNAUTICA** also plays an important role in supporting regional tourism, entrepreneurship, and the wider Adriatic economy. Above all, it remains a place of connection—between people, ideas, and cultures—where innovation meets tradition and where the future of the nautical industry continues to take shape.

## NORTHSTAR AXIS 5.3 – JADRANSKA PREMIERA NORTHSTAR AXIS 5.3 – ADRIATIC PREMIERE

Northstar Axis 5.7 by Torden Marine\*\* je vsestransko plovilo, zasnovano kot prostoren tender za jahte in hkrati kot zmogljiv dnevni čoln.

Sprejme do devet potnikov ter ponuja stabilno, suho in predvidljivo plovo v različnih morskih razmerah. Napredna zasnova trupa, integrirane trim rešitve, hidravlično krmiljenje, električni sistem, kalužna črpalka in vgrajen rezervoar za gorivo zagotavljajo praktičnost, zanesljivost in enostavno uporabo.

Axis 5.7 združuje prilagodljivost, zmogljivost in udobje v enem kompaktnem večnamenskem plovilu.

**Northstar Axis 5.7 by Torden Marine is a versatile boat designed both as a spacious yacht tender and a capable day boat.**

**It accommodates up to nine passengers and offers stable, dry, and predictable handling in various sea conditions. Its advanced hull design, integrated trim solutions, hydraulic steering, electrical system, bilge pump, and built-in fuel tank make it practical, reliable, and ready for everyday use.**

**The Axis 5.7 combines flexibility, performance, and comfort in one compact, multi-purpose boat.**

## JEANNEAU MERRY FISHER 1095 FLY SERIE 2 JADRANSKA PREMIERA HER 1095 FLY SERIE 2 - ADRIATIC PREMIERE

Merry Fisher 1095 Fly Serie 2, ki ga predstavlja Just Perfect Yachting Center, bo na Internautici 2026 doživel svojo jadransko premiero.

Ta nova generacija weekend cruiserjev združuje udobje, funkcionalnost in eleganten flybridge, zasnovan za sproščeno življenje na morju. Prenovljen flybridge ponuja dodatno bivalno površino s sončnimi ležišči in družabnimi kotički, stranska terasa pa se na sidru odpre proti morju ter ustvari prostor za kopanje in druženje. Notranjost prinaša svetel salon, podaljšano kuhinjo, premišljene kabine in sodobne materiale. Merry Fisher 1095 Fly Serie 2 je zasnovan za družinske pobege, daljša bivanja na krovu in brezskrbno raziskovanje obale.

Merry Fisher 1095 Fly Serie 2, presented by Just Perfect Yachting Center, will make its Adriatic premiere at Internautica 2026.

This new-generation weekend cruiser combines comfort, functionality, and versatility in a refined flybridge design. The redesigned flybridge offers an additional living space with sun loungers, facing benches, and social areas, while the 1.75-metre side terrace creates an open platform for swimming, relaxing, and enjoying time at sea. Inside, the yacht features a bright saloon, extended galley, cockpit bar, premium finishes, and well-designed cabins. The Merry Fisher 1095 Fly Serie 2 is built for family escapes, longer stays on board, and effortless coastal cruising.

## PARDO 43 – JADRANSKA PREMIERA PARDO 43 - ADRIATIC PREMIERE

Pardo 43, ki ga predstavlja Veneziana Yachting, bo na Internautici 2026 doživel svojo jadransko premiero.

Ta prestižni walkaround yacht združuje prepoznaven italijanski dizajn, športne zmogljivosti in neposredno povezanost z morjem. Novi Pardo 43 prinaša osveženo oblikovanje, karbonski T-Top, povečana bočna okna in še bolj dinamičen značaj.

Odrpta paluba ponuja prostoren krmni lounge za do 10 gostov, dodatne sončne površine, zunanjo kuhinjo ter varne bočne prehode. Pod palubo notranjost združuje vrhunske materiale, minimalistično eleganco in udobje za dnevna križarjenja ali daljše bivanje na morju.

**Pardo 43, presented by Veneziana Yachting, will make its Adriatic premiere at Internautica 2026.**

**This iconic luxury walkaround yacht combines Italian design, sporty performance, and a strong connection to the sea. The latest version features refined styling updates, a redesigned carbon fibre T-Top, enlarged hull windows, and an even more dynamic profile.**

**The open deck layout offers a spacious aft lounge for up to 10 guests, additional sunbathing areas, an outdoor galley, and safe side decks for easy movement on board. Below deck, refined materials, flexible cabin layouts, and modern Italian craftsmanship create a bright and comfortable space for day cruising or longer stays at sea.**

## TECHNOHULL ALPHA 45 – SVETOVNA PREMIERA TECHNOHULL ALPHA 45 – WORLD PREMIERE

TECHNOHULL Alpha 45 je luksuzni visokozmogljivi RIB, ki združuje športno plovo, stabilnost in udobje na krovu. Z dolžino 13,80 metra in širino 4,30 metra\*\* ponuja prostorno palubo, udobne sončne površine in varno gibanje po krovu. Njegov Deep V trup zagotavlja natančno upravljanje, stabilnost in samozavestno plovo tudi v zahtevnejših razmerah. Pod palubo se nahaja elegantna kabina z ležiščem za dve osebi, motorne konfiguracije pa omogočajo izjemno zmogljivo in dinamično izkušnjo na vodi.

**TECHNOHULL Alpha 45 is a luxury high-performance RIB that combines sporty cruising, stability, and onboard comfort. With a length of 13.80 metres and a beam of 4.30 metres, it offers a spacious deck, comfortable sunbathing areas, and safe movement on board. Its Deep V hull provides precise handling, stability, and confident navigation even in more demanding sea conditions. Below deck, it features an elegant cabin with a double berth, while its engine configurations deliver a powerful and dynamic experience on the water.**

## BALT 950 SH - SVETOVNA PREMIERA BALT 950 SH - WORLD PREMIERE

BALT 950 SH doživlja svetovno premiero kot sodoben cruiser, ki združuje športno oblikovanje, pametno funkcionalnost in prefinjeno udobje.

Z dolžino 9,45 metra ponuja veliko prostora na krovu in pod palubo, s prostori za sprostitev na premcu in krmi, osrednjim kokpitom z veliko jedilno mizo ter ergonomsko krmilno postajo. Notranjost vključuje svetlo kabino, udoben spaln del, popolnoma opremljeno kuhinjo in kopalnico z ločenim prostorom za tuširanje.

S pametnimi rešitvami za shranjevanje, sodobno navigacijsko tehnologijo, kakovostno opremo in možnostjo motorjev do 2 x 225 KM BALT 950 SH ponuja dinamično plovbo in udobno križarjenje za nepozabne dni na morju.

The BALT 950 SH makes its world premiere as a modern cruiser that combines sporty design, smart functionality, and refined comfort.

At 9.45 metres, it offers generous space on deck and below, with relaxation areas at the bow and stern, a central cockpit with a large dinette, and an ergonomic helm station. Inside, it features a bright cabin, comfortable sleeping area, fully equipped galley, and bathroom with separate shower space.

With smart storage, modern navigation technology, quality equipment, and engine options up to twin 225 HP, the BALT 950 SH delivers agile performance and comfortable cruising for unforgettable days at sea.

## NAVAN S – 30 – JADRANSKA PREMIERA NAVAN S – 30 - ADRIATIC PREMIERE

NAVAN S30 je dinamično in prefinjeno plovilo, zasnovano za popolne trenutke na vodi.

Z odprtim konceptom, odlično plovnostjo, športno eleganco in preišljenimi detajli ponuja vrhunsko ravnovesje med udobjem, kakovostjo in zmogljivostjo. Namenjen je vsem, ki iščejo svobodo, zanesljivost in sproščeno izkušnjo na morju.

Svojo kakovost je potrdil tudi z mednarodnim priznanjem Motor Boat Award v kategoriji »Weekenders do 40 ft«, premierno pa bo predstavljen na sejmu Internautica v Portorožu.

NAVAN S30 is a dynamic and refined boat designed for perfect moments on the water.

With its open-concept layout, excellent seakeeping, sporty elegance, and premium materials, it offers an ideal balance between comfort, quality, and performance. It is made for those who value freedom, reliability, and a smooth experience at sea.

The NAVAN S30 has also received international recognition, including the Motor Boat Award in the "Weekenders up to 40 ft" category, and will make its premiere at Internautica in Portorož.

## SALPA SOLEIL 40 – JADRANSKA PREMIERA SALPA SOLEIL 40 – ADRIATIC PREMIERE

Salpa Soleil 40, ki ga predstavlja Avantgarde Group, bo na Internautici 2026 doživel svojo jadransko premiero. Ta luksuzni 9,99-metrski RIB združuje italijanski dizajn, veliko prostornost in vrhunske plovne zmogljivosti. Velike sončne površine, prilagodljivi bivalni prostori in dovršeni detajli ustvarjajo udobno ter elegantno izkušnjo na krovu. Stabilen in hiter trup zagotavlja varno plovbo tudi v zahtevnejših razmerah, pod palubo pa Soleil 40 ponuja dve kabini in kopalnico, kar omogoča udobje tudi pri daljšem bivanju na morju.

Salpa Soleil 40, presented by Avantgarde Group, will make its Adriatic premiere at Internautica 2026.

This luxury 9.99-meter RIB combines refined Italian design, generous onboard space, and strong performance. Expansive sunbathing areas, convertible living spaces, and carefully crafted details create a comfortable and elegant experience at sea.

With a hull designed for stability, speed, and safety, the Soleil 40 is suitable for relaxed cruising as well as more demanding offshore navigation. Below deck, it offers two cabins and one bathroom, providing practical comfort for longer stays on board.

## GALEON 440 FLY - JADRANSKA PREMIERA GALEON 440 FLY - ADRIATIC PREMIERE

Galeon 440 Fly na novo opredeljuje razred 44-čeveljskih flybridge jaht z izjemno prostornostjo, pametno razporeditvijo in prepoznavnimi stranskimi balkonskimi platformami.

Ob sidranju se kokpit razširi v odprt družabni prostor, medtem ko razporeditev s tremi kabinami omogoča udobno bivanje za do šest oseb. Jahto je zasnoval Tony Castro, poganjata pa jo dva motorja Volvo Penta, ki omogočata hitrost do 30 vozlov.

Galeon 440 Fly združuje kakovostno izdelavo, razkošje in praktičnost v flybridge jahti, idealni za raziskovanje Jadrana ali sproščeno druženje na morju.

Galeon 440 Fly redefines the 44-foot flybridge yacht with smart design, generous space, and signature drop-down side balconies that expand the cockpit at anchor.

Designed by Tony Castro and powered by twin Volvo Penta engines, it reaches speeds of up to 30 knots. Its rare three-cabin layout comfortably sleeps six, making it ideal for Adriatic island-hopping, entertaining, and relaxed cruising.

The 440 Fly combines Polish craftsmanship, flybridge luxury, and clever use of space in a yacht that feels larger than its size.

## GREENLINE 45 COUPE H-DRIVE – JADRANSKA PREMIERA GREENLINE 45 COUPE H-DRIVE - ADRIATIC PREMIERE

Greenline 45 Coupe prevzema preverjen trup in razkošno notranjost priznane različice 45 Fly ter ju preoblikuje v nižjo in elegantnejšo silhueto, pri čemer celotno streho namenja do 9 sončnim panelom (2,7 kW), ki omogočajo življenje na krovu za štiri osebe brez uporabe generatorja.

Notranjost, ki jo je zasnoval Marco Casali, združuje lastniško kabino v polni širini trupa na sredini plovila in VIP kabino v premcu, medtem ko značilna odprta kuhinja na krmi povezuje kokpit in salon v enoten, prostoren družabni prostor.

The Greenline 45 Coupe takes the proven hull and luxurious interior of the acclaimed 45 Fly and reimagines it for a lower, sleeker profile, freeing up the entire roof for up to 9 solar panels (2.7 kW) that power life on board for four guests without ever touching a generator. Marco Casali's interior pairs full-beam midship owner suite and VIP bow cabin with a signature open-plan aft galley that merges cockpit and saloon into one generous social space.

## SESSA C44 – JADRANSKA PREMIERA SESSA C44 – ADRIATIC PREMIERE

Sessa C44, ki jo predstavlja Veneziana Yachting, bo na Internautici 2026 doživela svojo jadransko premiero.

Ta športni cruiser nove generacije združuje italijansko eleganco, zmogljivost in udobje na krovu. Velika bočna okna, električna steklena hardtop streha in svetla notranjost ustvarjajo odprt občutek ter močno povezavo z morjem. Prenovljeni model ponuja nove barve trupa, športno oblikovane zračne odprtine in številne možnosti personalizacije notranjosti. Z dvema različnima postavitvama kokpita je Sessa C44 primerna tako za sproščeno križarjenje kot druženje z večjo družbo na morju.

Sessa C44, presented by Veneziana Yachting, will make its Adriatic premiere at Internautica 2026.

This refined sport cruiser combines Italian design, performance, and onboard comfort. Enlarged hull windows and a glass electric hardtop roof bring natural light into the cabins, saloon, and cockpit, creating an open and elegant atmosphere.

The restyled C44 offers new hull colour options, redesigned air intakes, and extensive interior customisation with 18 combinations of wood finishes, leathers, and fabrics. With two cockpit layouts available, it is designed for both relaxed cruising and stylish entertaining, accommodating up to 12 guests on deck.

## BELLINI ASTOR 36 - SLOVENSKA PREMIERA ASTOR 36- SLOVENIAN PREMIERE

Bellini Astor 36, ki ga predstavlja Venezia Yachting, bo na Internautici 2026 v Portorožu doživel svojo slovensko premiero.

Ta sodoben italijanski walkaround združuje elegantno oblikovanje, premišljeno razporeditev prostorov in visoko raven udobja na krovu. Prostorna paluba, zložitljive stranske platforme in odprt kokpit ustvarjajo prijeten beach club ambient ter omogočajo sproščeno bivanje na morju.

Z dvema motorjema Volvo Penta je Astor 36 zasnovan za stabilno, učinkovito in udobno plovbo v različnih morskih pogojih.

The Bellini Astor 36, presented by Venezia Yachting, will make its Slovenian premiere at Internautica 2026 in Portorož.

This modern Italian walkaround yacht combines elegant design, smart layout solutions, and a strong focus on comfort and usability. Generous deck spaces, fold-down side terraces, and a bright, refined interior create a seamless connection between life on deck and below. Powered by twin Volvo Penta engines, the Astor 36 offers smooth cruising, confident handling, and a premium onboard experience, making it one of the key Slovenian premieres at Internautica 2026.

## SAXDOR 400 GTS – SLOVENSKA PREMIERA SESSA C44 - ADRIATIC PREMIERE

Saxdor 400 GTS je sinonim za svobodo na vodi. Njegova walkaround oblika, steklena zaščita krmila in zložitljive terase zagotavljajo neposreden stik z morjem. Modularni interior se brezhibno prilagaja druženju ali sprostitvi, medtem ko dvostopenjski trup nudi izjemno odzivno in dinamično plovbo. Popolna združitev dizajna, udobja in vrhunske zmogljivosti.

The Saxdor 400 GTS redefines freedom at sea. Featuring a walkaround layout, glass helm protection, and signature fold-down terraces, it ensures a seamless connection with the water. The modular interior adapts to social or relaxation needs, while the twin-stepped hull delivers dynamic, responsive performance. A perfect fusion of design, comfort, and power.

## YAMARIN 80 DC – SLOVENSKA PREMIERA YAMARIN 80 DC – SLOVENIAN PREMIERE

Nov model ladjedelnice Yamarin v sodelovanju z Yamaho predstavlja zmogljiv 8-metrski day cruiser, ki vam ponuja dovolj udobja tudi za večdnevno plovbo za celotno družino. Z optimalno razporeditvijo vam je na plovilu na voljo dvojna spalna kabina za 4 osebe, popolna kuhinja, velik separé za 9 ljudi ter veliko odlagalnih površin. Maksimalna motorizacija je 350 konjskih moči.

The new model developed by Yamarin in collaboration with Yamaha introduces a powerful 8-meter day cruiser designed to provide enough comfort for extended family cruising.

With an optimized layout, the vessel offers a double sleeping cabin for up to 4 people, a fully equipped galley, a spacious seating area for up to 9 guests, and generous storage throughout the boat.

Combining practicality, comfort, and modern Scandinavian design, the Yamarin 80 DC is built for both relaxing day trips and longer adventures at sea.

The boat can be equipped with engines delivering up to 350 horsepower.

## QUARKEN 27 ONYX – SLOVENSKA PREMIERA QUARKEN 27 ONYX – SLOVENSKA PREMIERA

Prvič pri nas bo predstavljena premium izvedba že dobro znanega modela 27 T-Top. Onyx različica prinaša izrazitejši športni karakter, ekskluzivne oblikovne elemente in že vrhunsko standardno opremo. Piko na i daje Yamaha F350, ki modelu zagotavlja eksplozivno pospeševanje in vrhunske plovne lastnosti.

Making its first appearance in our market, the premium version of the well-known 27 T-Top model introduces an even bolder and sportier interpretation of the Quarken philosophy.

The Onyx edition brings a more distinctive sporty character, exclusive design elements, and an exceptionally rich standard equipment package. Powered by a Yamaha F350 outboard engine, the Quarken 27 Onyx

delivers explosive acceleration, dynamic performance, and outstanding handling on the water.

## QUARKEN 35 CABIN TOURER – SLOVENSKA PREMIERA QUARKEN 35 CABIN TOURER – SLOVENIAN PREMIERE

Ena najhitreje rastočih finskih ladjedelnic je ustvarila plovilo, ki bo zadovoljilo tudi najzahtevnejše navtike. Izdelan in dizajniran na Finskem, vam z globokim stopničastim trupom ponuja stabilnost v vsakem vremenu, pri vsaki hitrosti. Pilotska kabina je najširša v razredu in vam ponuja 3 sedeže za konzolo ter dve jedilni klopi za do 6 oseb ter celotno kuhinjo. Izbirate lahko med tremi različnimi konfiguracijami krme, dodaten sedalni prostor na krmi pa boste pridobili s premišljenimi odprtimi balkoni. Na plovilu lahko prespi do 7 oseb, nanj pa lahko namestite do 700 konjskih moči.

One of the fastest-growing Finnish shipyards has created a vessel designed to satisfy even the most demanding boaters. Built and designed in Finland, the Quarken 35 Cabin Tourer features a deep stepped hull that delivers outstanding stability in all weather conditions and at any speed. Its pilothouse is the widest in its class, offering three seats behind the helm, two dining lounges accommodating up to 6 people, and a fully equipped galley. Owners can choose between three different aft deck configurations, while innovative fold-out balconies create additional seating and social space at the stern. The vessel can accommodate up to 7 people overnight and can be powered with up to 700 horsepower.

## KAREL BOATS IONIAN SUN 600 – SLOVENSKA PREMIERA KAREL BOATS IONIAN SUN 600 – SLOVENIAN PREMIERE

Karel Ionian Sun 600 je stabilno in prostorno kabinsko plovilo, zasnovano za družinska križarjenja, sprostitev in udobne dni na morju.

S 6 metri dolžine in 2,5 metra širine ponuja širok trup z globokim V-profilom, kar zagotavlja dobro stabilnost in varno plovo v različnih razmerah. Prostorna kabina omogoča prenočevanje za dve odrasli osebi in enega otroka, zato je plovilo primerno tudi za vikend izlete ali krajša večdnevna križarjenja. Na krovu ponuja krmni del, ki se lahko spremeni v sončno ploščad ali jedilni prostor, kompaktno kuhinjo z umivalnikom, kemijski WC, tuš ter veliko površino za sončenje. Ionian Sun 600 tako združuje praktičnost, udobje in varnost v kompaktnem družinskem plovilu.

Karel Ionian Sun 600 is a compact and versatile cabin boat designed for stable, comfortable family cruising. With a 6-meter length, 2.5-meter beam, wide hull, and deep V-shaped design, it offers excellent stability and safe navigation in various sea conditions. Its spacious cabin can accommodate two adults and one child, making it suitable for weekend getaways or short multi-day trips. The boat also features a convertible stern area, compact galley with sink, chemical toilet, onboard shower, and a large sunbathing space, combining practicality, comfort, and relaxation in one well-designed boat.

## LAGOON 38 – SLOVENSKA PREMIERA LAGOON 38 – SLOVENIAN PREMIERE

Lagoon 38, ki ga predstavlja KRAMER YACHTING, bo na Internautici 2026 doživel svojo slovensko premiero. Ta sodoben 11,38-metrski katamaran združuje prostornost, funkcionalnost in enostavno upravljanje. Svetel salon, odprta povezava s kokpitom in prilagodljiva namestitvev za do 10 oseb ustvarjajo udobno bivalno okolje za druženje, sprostitev in daljša križarjenja.

Podaljšane krme omogočajo varen dostop do morja, dva motorja po 29 KM in učinkovit jadralni načrt pa zagotavljajo mirno, zanesljivo in prijetno plovo.

The Lagoon 38, presented by KRAMER YACHTING, will make its Slovenian premiere at Internautica 2026. This modern 11.38-meter catamaran combines smart design, spacious living areas, and easy handling. It offers a generous salon, open cockpit connection, comfortable accommodation for up to 10 guests, and safe access to the sea through extended transoms.

Powered by twin 29 HP engines and an efficient sail plan, the Lagoon 38 is designed for relaxed cruising, comfort, and enjoyable life at sea.

### BWA GTO 178 – SLOVENSKA PREMIERA BWA GTO 178 – SLOVENIAN PREMIERE

BWA GTO 178 bo na Internautici 2026 predstavljen kot del nove, osme generacije linije BWA GTO . Ta kompaktni 5,20-metrski RIB združuje športen značaj, enostavno upravljanje in praktično udobje na krovu. Namenjen je obalnim križarjenjem, vodnim športom in sproščenim družinskim izletom. Kljub manjšim meram ponuja premišljeno razporeditev palube, udobne sedežne površine, premčno sončno ploščad in uporabne shranjevalne prostore. Robustna konstrukcija trupa zagotavlja stabilno in odzivno plovbo, motor do 90 KM pa poskrbi za dinamično in učinkovito izkušnjo na morju.

The BWA GTO 178 , part of the 8th generation GTO range , will premiere at Internautica 2026 . This compact 5.20-meter RIB combines sporty performance, easy handling, and practical comfort. Designed for coastal cruising, watersports, and relaxed family outings, it offers a well-organized deck layout with comfortable seating, bow sunbathing space, and useful storage. With a robust heavy-duty hull, engine options up to 90 HP , and quality standard equipment, the GTO 178 delivers stability, safety, and efficient performance in a compact and stylish Italian design.

### BWA GTO 218 – SLOVENSKA PREMIERA BWA GTO 218 – SLOVENE PREMIERE

BWA GTO 218 prihaja na Internautico 2026 kot del nove, osme generacije linije BWA GTO . Ta športni 6,40-metrski RIB združuje kompaktne mere, dobro prostornost in visoko raven udobja na krovu. Zasnovan je za športno plovbo, družinske izlete in sproščene dni na morju, pri čemer izstopa z elegantnim italijanskim dizajnom, premišljeno ergonomijo in praktično razporeditvijo. Bogata oprema vključuje sintetično tikovino, električno sidro, GPS s stereo sistemom, hidravlično krmiljenje, razširjene kopalne platforme, inox rollbar s tendo ter prostoren premčni lounge, ki se spremeni v sončno ploščad. Z motorjem do 150 KM ponuja stabilno, odzivno in športno plovbo v različnih razmerah.

The BWA GTO 218 will be presented at Internautica 2026 as part of the new 8th generation BWA GTO range . This sporty 6.40-meter RIB combines compact dimensions with excellent comfort, safety, and functionality. Designed for coastal cruising, family outings, and relaxed days at sea, it features elegant Italian styling, a spacious bow lounge that converts into a sunbed, practical storage, and generous deck space. With rich standard equipment including synthetic teak decking, electric anchor system, GPS with stereo, hydraulic steering, extended swim platforms, rollbar with bimini, and engine options up to 150 HP , the GTO 218 delivers sporty performance, stability, and a premium onboard experience.

### GRAND G980 – SLOVENSKA PREMIERA GRAND G980 – SLOVENIAN PREMIERE

Grand G980 je novi luksuzni flagship serije Golden Line proizvajalca Grand Boats za sezono 2026. Gre za prestižen 10-metrski RIB , zasnovan za družinsko uporabo, offshore plovbo in udobno prenočevanje na vodi. Poganjata ga dva izvenkrmna motorja Yamaha F350 , izboljšan Twin Step trup pa zagotavlja stabilno in varno plovbo tudi v zahtevnejših razmerah. Na krovu ponuja prostoren lounge, veliko sončno ležišče, možnost zunanje kuhinje ter kabino z ležiščem za dve odrasli osebi in ločenim marine WC-jem.

The Grand G980 is the new flagship of the Grand Boats Golden Line series — a luxury 10-meter RIB designed for family cruising, offshore trips, and comfortable overnight stays. Powered by twin Yamaha F350 outboard engines , it delivers strong performance and safe handling in demanding sea conditions. The spacious deck features a convertible aft lounge, large sunbed area, and optional outdoor galley. Below deck, the G980 offers a sleeping cabin for two adults, a separate marine toilet, USB charging, lighting, and practical storage, making it a refined luxury day cruiser with real overnight capability.

### BURA 5.7 STEP – SLOVENSKA PREMIERA BURA 5.7 STEP – SLOVENIAN PREMIERE

Bura 5.7 STEP podjetja Bura Brodovi je kompaktno in zmogljivo RIB plovilo, zasnovano za družinske izlete, rekreativno plovbo in vsakodnevno uporabo na morju.

Stopničast trup omogoča boljše hidrodinamične lastnosti, hitrejšo izglisiranje, večjo stabilnost in bolj odzivno plovbo pri višjih hitrostih. Premišljena razporeditev palube, široki prehodi, funkcionalna krmilna konzola in praktični shranjevalni prostori zagotavljajo udobno ter varno gibanje po plovilu.

Bura 5.7 STEP združuje stabilnost, praktičnost in enostavno uporabo v kompaktnem RIB plovilu za brezskrbno uživanje na vodi.

The Bura 5.7 STEP by Bura Brodovi is a compact and capable RIB designed for versatile use at sea, from relaxed family cruising to everyday boating. Its stepped hull improves efficiency, stability, and handling, allowing quicker planing and a smoother ride at higher speeds. The practical deck layout offers easy movement, a functional helm console, and useful storage. Combining safety, simplicity, and modern hull design, the Bura 5.7 STEP is built for easy, efficient, and carefree enjoyment on the water.

### GREENLINE 42 – JADRANSKA PREMIERA

#### GREENLINE 42 – ADRIATIC PREMIERE

Greenline 42, ki jo predstavlja ATAL Nautica, bo na Internautici 2026 doživela svojo jadransko premiero. Sodobna jahta združuje učinkovitost, udobje in premišljeno izrabo prostora. Velike steklene površine, svetel salon in odprta povezava s kokpitom ustvarjajo prijeten bivalni prostor za sproščeno plovbo in daljše bivanje na krovu. Z optimiziranim trupom in možnostjo hibridnega pogona Greenline 42 ponuja tišjo, učinkovitejšo in okolju prijaznejšo izkušnjo plovbe ter predstavlja pameten pristop k sodobni navtiki.

The Greenline 42, presented by ATAL Nautica, will make its Adriatic premiere at Internautica 2026. Designed for efficient and comfortable cruising, this modern yacht combines clean styling, large windows, and a practical layout that connects the saloon and cockpit into one open living space. With comfortable cabins, smart storage, and a well-planned galley, it is built for easy longer stays on board. Thanks to its optimized hull and optional hybrid propulsion, the Greenline 42 offers smooth, efficient, and quieter cruising, making it a smart and refined choice for modern life at sea.

### PARDO GT 52 – JADRANSKA PREMIERA

#### PARDO GT 52 – ADRIATIC PREMIERE

Pardo GT 52 združuje športno plovbo, prostorne bivalne površine in visoko raven udobja, zato je idealen za daljša bivanja na krovu ter druženje z gosti na morju. Združuje najboljše lastnosti Pardovih linij Walkaround in Endurance ter ohranja prepoznaven oblikovni slog znamke z obrnjenim premcem, elegantnim profilom in sodobnimi linijami. Prostorna paluba, svetla notranjost in velika panoramska okna ustvarjajo povezano izkušnjo bivanja med notranjimi in zunanji prostori. Z odličnimi plovni zmogljivostmi, enostavnim upravljanjem, dvema možnostma razporeditve in pripravljenostjo na hibridni pogon ponuja GT 52 prefinjeno, vsestransko in učinkovito navtično izkušnjo.

The Pardo GT 52 combines sporty cruising, generous spaces, and high onboard comfort, making it ideal for extended stays and entertaining guests at sea. Blending the best features of Pardo's Walkaround and Endurance ranges, it features the brand's iconic reverse bow, sleek profile, and modern design. Spacious decks, bright interiors, and large panoramic windows create a seamless connection between indoor and outdoor living. With excellent cruising performance, intuitive handling, two layout options, and hybrid engine readiness, the GT 52 offers a refined, versatile, and efficient yachting experience.

### PRUA AL VENTO JAGUAR 5.4 – SLOVENSKA PREMIERA

#### PRUA AL VENTO JAGUAR 5.4 – SLOVENIAN PREMIERE

PRUA AL VENTO JAGUAR 5.4 bo doživel svojo slovensko premiero na Internautici 2026, v predstavitvi podjetja MARINA KRAS d.o.o., uradnega uvoznika in distributerja plovil in RIB-ov PRUA AL VENTO na Hrvaškem in v Sloveniji. Zasnovan kot idealen vstop v svet navtike, JAGUAR 5.4 združuje praktičnost, enostavno upravljanje in prijetno zmogljivost v kompaktnem in sodobnem odprtem plovilu. Popoln je tako za prve lastnike kot tudi za izkušene navtike, ki iščejo preprostost in zanesljivost, saj ponuja maksimalno uživanje ob dostopnem lastništvu in nizkih obratovnih stroških.

The PRUA AL VENTO JAGUAR 5.4 will make its Slovenian premiere at Internautica Portorož 2026, presented by MARINA KRAS d.o.o., the official importer and distributor of PRUA AL VENTO boats and ribs in Croatia and Slovenia.

Designed as the ideal entry into the world of boating, the JAGUAR 5.4 combines practicality, easy handling and enjoyable performance in a compact and modern open boat. Perfect for first-time owners as well as experienced boaters looking for simplicity and reliability, the JAGUAR 5.4 delivers maximum enjoyment with accessible ownership and low operating demands.

### PRUA AL VENTO WA 7.0 – SLOVENSKA PREMIERA

#### PRUA AL VENTO WA 7.0 - SLOVENIAN PREMIERE

PRUA AL VENTO WA 7.0 bo prav tako praznoval svojo slovensko premiero na Internautici 2026, v predstavitvi podjetja MARINA KRAS d.o.o., uradnega uvoznika in distributerja plovil in RIB-ov PRUA AL VENTO na Hrvaškem in v Sloveniji.

Z dolžino 7,10 m, prostorno walkaround razporeditvijo in kapaciteto do 9 oseb WA 7.0 ponuja idealno ravnovesje med športno plovbo in udobjem na krovu. Pametno zasnovana paluba vključuje velike sončne površine, ergonomski krmični položaj, razširjene kopalne ploščadi ter udobno kabino s spalnim prostorom za dve osebi, kar ga naredi odlično izbiro tako za dnevne izlete kot tudi za vikend pobeg na morje.

The PRUA AL VENTO WA 7.0 will celebrate its Slovenian premiere at Internautica Portorož 2026, presented by MARINA KRAS d.o.o., the official importer and distributor of PRUA AL VENTO boats and ribs in Croatia and Slovenia. With its 7,10 m overall length, spacious walkaround layout, and capacity for up to 9 persons, the WA 7.0 offers the ideal balance between sporty navigation and onboard comfort. Its intelligently designed deck features generous sunbathing areas, an ergonomic helm station, extended swim platforms and a comfortable cabin with sleeping space for two, making it an exceptional choice for both day cruising and weekend escapes.

## TUCCOLI T250 V MAX – SLOVENSKA PREMIERA TUCCOLI T250 V MAX – SLOVENIAN PREMIERE

Tuccoli T250 VM je kompaktno in namensko zasnovano ribiško plovilo za ribiče, ki na morju ne želijo kompromisov. Razvit je bil v sodelovanju z Marco Volpijem, večkratnim svetovnim prvakom v športnem ribolovu s čolna, ter združuje profesionalno ribiško funkcionalnost s kakovostjo Tuccoli Technology Boats.

Z dolžino 7,77 m in širino 2,54 m ostaja kompakten in primeren za prevoz s prikolico, hkrati pa ponuja prostoren 4,30 m<sup>2</sup> kokpit, široke prehode in praktično zasnovano konzolo za opremo ter elektroniko.

T250 VM je učinkovito, praktično in zmogljivo plovilo za resne ribiče, ki potrebujejo prostor, stabilnost in svobodo pri izbiri ribolovnih lokacij.

The Tuccoli T250 VM is a compact, towable fisherman boat designed for anglers who want practical performance without compromise.

Developed with Marco Volpi, multiple world champion in boat fishing, it combines professional fishing features with Tuccoli build quality. At 7.77 meters long and 2.54 meters wide, it offers a spacious 4.30 m<sup>2</sup> cockpit, wide gangways, and a helm station designed for easy access to equipment and electronics.

The T250 VM is a smart, functional, and capable fishing boat built for serious days at sea.

## KARNIC CS 10 – SLOVENSKA PREMIERA KARNIC CS 10 – SLOVENIAN PREMIERE

Karnic CS10HT je sodoben hard-top walkaround čoln, ki združuje elegantno oblikovanje, prostornost in odlično razmerje med ceno ter kakovostjo.

Z dolžino 10,65 metra ponuja udobje, primerljivo z večjimi jahtami. Prostoren kokpit s T-top streho, prilagodljivimi sedeži, odstranljivimi mizami in zložljivo bočno ploščadjo omogoča sproščeno druženje, sončenje in kopanje. Notranjost vključuje več ležišč, kuhinjski kotiček, kopalnico in dovršene detajle za udobno bivanje na vodi. Z motorji do skupne moči 600 KM Karnic CS10HT zagotavlja športno, stabilno in zanesljivo plovbo tudi na daljših poteh.

The Karnic CS10HT is a premium 10.65-meter sports boat that combines elegant design, advanced technology, and the comfort of a much larger yacht.

Its spacious cockpit features a protective T-top roof, flexible seating, removable tables, and a fold-down side platform that transforms the deck into an open sea terrace. This creates an ideal space for sunbathing, swimming, and socializing on board.

Inside, the CS10HT offers multiple berths, a galley, bathroom, and refined details for comfortable cruising and longer stays. With engine options up to 600 HP, it delivers sporty performance, fast planing, and stable handling, making it an excellent choice for luxurious day trips and extended journeys at sea.

## BENETEAU ANTARES 12 – SLOVENSKA PREMIERA BENETEAU ANTARES 12 – SLOVENIAN PREMIERE

Beneteau Antares 12 je vrh modelne linije Antares, zasnovana za udobno križarjenje, daljše plovbe in sproščeno bivanje na vodi. Skoraj 12 metri dolžine ponujata veliko prostora na krovu in v notranjosti. Prostora salon, popolnoma opremljena kuhinja, dve udobni kabini, kopalnica ter velike steklene površine ustvarjajo svetel in prijeten bivalni prostor z lepim razgledom na morje. Z možnostjo dveh motorjev do 2 x 400 KM Antares 12 zagotavlja zmogljivo, stabilno in varno plovbo tudi v zahtevnejših razmerah.

The Beneteau Antares 12 is the flagship of the Antares range, combining modern design, spacious comfort, and advanced technology.

With a length of nearly 12 meters, it offers generous space on deck and below, making it ideal for extended cruising and comfortable stays on board. The interior includes a bright salon, fully equipped galley, two cabins, and a bathroom, with large windows providing panoramic sea views.

Powered by twin engines with up to 2 x 400 HP, the Antares 12 delivers strong performance, fast planing, and safe, stable cruising in a variety of sea conditions.

## X-YACHTS AS X4.9 MK2 – JADRANSKA PREMIERA X-YACHTS AS X4.9 MK2 – ADRIATIC PREMIERE

Premierno v Jadranu bo na sejmu Internautica predstavljena nova X-Yachts X4.9 Mk II – elegantna jadrnica, ki združuje vrhunske jadrne zmogljivosti, sodoben skandinavski dizajn in izjemno udobje na krovu.

Nova generacija priljubljenega modela prinaša dovršene plovne lastnosti, prenovljen interior ter še več prefinjenih detajlov za brezskrbna križarjenja in športno jadranje.

Vabljeni na Internautico, kjer boste lahko med prvimi v regiji doživeli X-Yachts X4.9 Mk II v živo.

The new X-Yachts X4.9 Mk II will make its Adriatic premiere at Internautica — an elegant sailing yacht that combines outstanding sailing performance, modern Scandinavian design, and exceptional onboard comfort. The new generation of this popular model brings refined sailing characteristics, a redesigned interior, and even more sophisticated details for carefree cruising and sporty sailing experiences.

Join us at Internautica and be among the first in the region to experience the X-Yachts X4.9 Mk II live.

YAMARIN AURA 33 – SVETOVNA PREMIERA  
YAMARIN AURA 33 – WORLD PREMIERE

Yamarin Aura 33 je luksuzno 10-metrsko motorno plovilo in paradni model finske znamke Yamarin, zasnovan za zahtevne lastnike, ki iščejo udobje, zmogljivost in sodoben dizajn. Odlikujejo ga elegantne linije, premišljena razporeditev palube, prostoren kokpit, udobni sedeži, velika sončna ploščad in enostaven dostop do morja. Primeren je tako za dnevne izlete kot za daljša križarjenja. Z zmogljivimi Yamahinimi izvenkrmnimi motorji ponuja stabilno, varno in športno plovbo tudi v zahtevnejših razmerah, ob tem pa ohranja visoko raven udobja na krovu.

The Yamarin Aura 33 is a premium 10-meter motor yacht and the flagship model of the Finnish Yamarin brand. Designed for demanding owners, it combines modern Scandinavian design, smart deck layout, and excellent onboard comfort. The spacious cockpit, comfortable seating areas, large sunbathing platform, and easy access to the sea make it ideal for relaxed cruising, socializing, and longer days on board.

Powered by Yamaha outboard engines, the Aura 33 delivers stable, confident handling and reliable performance, even in more demanding sea conditions. It is a refined choice for owners seeking safety, comfort, and contemporary style at sea.

# Zelena Avenija 2026

Korak v trajnostno prihodnost

INTERNAUTICA bo tudi letos v ospredje postavila **inovativne tehnologije prihodnosti**, ki spodbujajo ekološko ozaveščenost ter uporabo **obnovljivih virov energije in hibridnih sistemov** z zmanjšano porabo goriva in emisijami.

V sklopu te pobude bo projekt **Zelena Avenija 2026** predstavil širok nabor **električnih in hibridnih vozil**, vključno s plovili in navtično opremo ter rešitvami za kopenski transport.

V preteklih letih so bili na Zelena Aveniji predstavljeni številni primeri trajnostnih inovacij – med drugim **nagrajeno letalo Pipistrel**, različni **električni in hibridni avtomobili** (BMW i3, Tesla, Opel Ampera, Nissan Leaf, E-Smart Roadster), vozila z ekološkimi predelavami (npr. pogon na plin), **električna kolesa** in motorji. Na vodi pa so obiskovalci lahko preizkusili **hibridna plovila Greenline** in več **100 % električnih plovil**.

V letu 2026 se bo Zelena Avenija še dodatno razširil z večjim številom **električnih in hibridnih avtomobilov, motorjev, koles** ter drugih okolju prijaznih prevoznih sredstev. Program bo hkrati zajel tudi **proizvode in storitve, ki niso neposredno povezani s transportom**, a prav tako izhajajo iz okoljsko naravnane in tehnološko napredne miselnosti. Vsi predstavljeni izdelki in vsebine bodo medsebojno povezani in usmerjeni v **spodbujanje trajnostnega razvoja**.

Prihodnje obdobje bo zaznamovalo **preudarno in učinkovito upravljanje z energijo, prehod na zelene vire ter razvoj okolju prijaznih tehnologij**. Na področju zelene mobilnosti je Slovenija dosegla številne izjemne uspehe – na cesti, v zraku in na vodi. V zadnjih letih se je oblikovala trdna platforma, ki predstavlja temelje za uspešno gospodarsko prihodnost in prepoznavno trajnostno identiteto države.

**Zelena Avenija 2026** bo te dosežke počastil ter odprl nove priložnosti za povezovanje, inovacije in trajnostno rast.

# Green Avenue 2026

A Step Into the Sustainable Future

INTERNAUTICA will once again highlight **innovative future technologies** that raise ecological awareness and promote the use of renewable energy sources and hybrid systems designed to reduce fuel consumption and harmful emissions.

As part of this initiative, the **Green Avenue 2026** project will showcase a wide range of electric and hybrid vehicles, including not only vessels and marine equipment but also land-based mobility solutions.

Over the years, Green Avenue has featured an impressive lineup of sustainable innovations, including the **award-winning Pipistrel aircraft**, hybrid and electric cars such as the BMW i3, Tesla, Opel Ampera, Nissan Leaf, and E-Smart Roadster, as well as ecological vehicles with gas engine modifications and electric bicycles. On the water, visitors could experience Greenline hybrid vessels and several fully electric boats.

In 2026, the Green Avenue exhibition will expand significantly, featuring a **larger selection of electric and hybrid cars, motorcycles, bicycles**, and other eco-friendly modes of transport. The program will also grow beyond mobility, including technologically advanced and environmentally responsible products and services from a variety of industries. Everything presented within **Green Avenue** will share a common goal: to support sustainability, innovation, and environmental awareness.

As we look toward the future, the focus will be on **smart, efficient energy use**, a transition to green energy, and the development of **cutting-edge eco-technologies**. In the field of green mobility, **Slovenia has already made remarkable progress** – on land, in the air, and at sea – and a strong foundation for future economic and technological identity has been established.

Green Avenue 2026 will celebrate these achievements while opening new opportunities for collaboration, innovation, and sustainable growth.

**Mag. Boris Šušmak**  
Nacionalni koordinator  
programa MZ  
National coordinator of the Blue-  
Flag program

## Društvo za okoljsko vzgojo v Sloveniji, DOVES - FEE Slovenia:

V letošnjem letu začela plapolati zastava programa Zeleni ključ, saj je podeljen prvi slovenski Zeleni ključ, eko-znak največjega mednarodnega programa za označevanje hotelov in hostlov, manjših nastanitvenih obratov, kampov in počitniških parkov, kongresnih centrov, restavracij in turističnih atrakcij, restavracij in atrakcij.

*Društvo DOVES – FEE SLOVENIA (DOVES) je prostovoljna, samostojna, neprofitna in nevladna organizacija, ki v Sloveniji izvaja prepoznane mednarodne okoljske programe za spodbujanje okoljske vzgoje in trajnostnega razvoja. Kot polnopravni član Mednarodne fundacije za okoljsko vzgojo FEE (Foundation for Environmental Education) s sedežem na Danskem, je edina organizacija v Sloveniji z ekskluzivno pravico za izvajanje programov fundacije FEE v Sloveniji. S tem povezuje Slovenijo v strateško mednarodno zvezo 76 držav.*

*V Sloveniji izvajamo programe Modra zastava, Ekošola, Mladi poročevalci za okolje in LEAF ter Zeleni ključ za turistične namestitve. »Udarna« programa Modra Zastava in Ekošola sta neprecenljive vrednosti.*

*Kot se vsi zavedamo so podnebne spremembe nov izziv, ki prinaša globalnemu turizmu več tveganja kot priložnosti ter napoveduje regijsko, sezonsko in produktno prerazporeditev turističnih tokov. Vedenje potrošnikov se hitro spreminja, turisti vedno pogosteje iščejo zelene, odgovorne destinacije. Modra zastava in Zeleni ključ sta promocijski orodji s katerimima lahko vplivamo na tovrstne odločitve potrošnikov*

## MODRA ZASTAVA KOT EKO-INDIKATOR TURISTIČNE DESTINACIJE

### V letu 2026 podeljenih 15. Modrih zastav.

Programa MODRA ZASTAVA nudi slovenskih občinam in turističnemu gospodarstvu priložnost za promocijo turistične destinacije in lahko služi **kot indikator (eko)kakovosti turistične destinacije**. Sam program Modra zastava v Sloveniji že vrsto let podpira tudi Slovenska turistična organizacija.

Pričakovane učinke izvajanja programa Modra zastava lahko strnemo v naslednje alineje:

- uvajanje/širitev ekološkega managementa, ekoloških standardov v slovenski turizmu,
- uvajanje in promocija ekološke blagovne znamke Modra zastava v slovenskem turizmu,
- sodelovanje v evropski (svetovni) družini ekološko odgovornih turističnih upraviteljev,
- informiranje javnosti o stanju okolja (čistost voda, plaž, varovanih območij, ipd.),
- sodelovanje turistične in lokalne skupnosti, sodelovanje upravljalcev plaž, hotelov in marin.

*V letošnjem letu je v Sloveniji potekal že 24. razpis za Modro zastavo, mednarodno priznani okoljski znak za trajnostno upravljanje kopalnišč in marin, namenjen povečevanju okoljske ozaveščenosti na kopalniščih, (so)oblikovanju okoljske etike ter spodbujanju okoljsko odgovornega obnašanja. Modro zastavo pa lahko pridobijo marine in kopalnišča, ki zadostijo zahtevnim kriterijem in le-te tudi v praksi udeležijo skozi okoljski menedžment. Kriteriji programa Modra zastava so razvrščeni v štiri (4) kategorije:*

- Kvaliteta kopalne vode,
- Okoljska vzgoja in informiranje,
- Okoljsko upravljanje in
- Varnost ter storitve.

Modro zastavo, kot znak okoljske kakovosti in varnosti, marine in kopalnišča prejmejo **za obdobje enega leta**, zato se morajo vsako leto znova potruditi, da zadostijo vsem zahtevanim kriterijem in v času, ko v marinah in na kopalniščih plapolata Modra zastava, to kakovost tudi nadzirajo in zagotavljajo raven storitev za katere so se zavezali v razpisu. Izvajanje pravil in zahtev preverjajo poleg potrošnikov/uporabnikov tudi nadzorniki DOVES-a in FEE-ja ter upravljalce in javnost opozarjajo na morebitne pomanjkljivosti, ki jih je potrebno v najkrajšem možnem času odpraviti, sicer lahko Modro zastavo – znamenje kakovosti – izgubijo.

Mednarodna komisija programa Modra zastava je na podlagi predloga Nacionalne komisije za Modro zastavo Sloveniji za leto 2026 potrdila **15 modrih zastav**. V svetu je v **45 državah** vsako leto podeljenih preko **4.423 Modrih zastav** in število se iz leta v leto povečuje, saj za upravljalce kopalnišč in marin ter pristojne občine

Modra zastava pomeni dodano vrednost in kazalnik učinkovitosti turistične ponudbe ter »zelenega turizma«. Modro zastavo pridobijo marine in naravna kopalnišča, ki zadostijo zahtevnim kriterijem in le-te tudi v praksi udeležajo.

### SLOVENSKI DOBITNIKI MODRIH ZASTAV ZA LETO 2026

12 naravnih kopalnišč: Meduza Portorož, Centralna plaža Portorož-Okolje Piran, Grajsko kopalnišče Bled, Naravno kopalnišče Grand hotela Bernardin, Krka Strunjan, Kopalnišče Salinera Strunjan, Plaža Simonov zaliv, Debeli rtič, Šobčev bajer, Naravno kopalnišče Vile Park Bernardin, Mestno Kopalnišče v Kopru in 3 marine: Marina Portorož, Marina Izola, Marina Bernardin.

## DOVES - FEE Slovenia:

The first Slovenian "Green key" accommodation facility awarded this year. Green key is the largest international eco-label for accommodations, restaurants and attractions.

*"DOVES – FEE Slovenia" is a voluntary, independent, non-profit and non-governmental organization (NGO) conducting internationally recognized environmental programs for encouragement of environmental education and sustainable development in Slovenia. As a full member of the Foundation for Environmental Education (FEE), it is the only Slovenian organization with exclusive rights to conduct FEE programs in Slovenia and includes Slovenia in a strategic international network of 76 countries.*

*In Slovenia, we conduct all FEE programs: Blue Flag, Eco-Schools, Young Reporters for the Environment, LEAF and the Green Key.*

*The most valuable programs at the moment are Blue Flag and Eco-schools. Eco-school program for pre-school children, pupils and students approaching the organic content and behavior. We estimate that since its startup in 1996 participated in the program 19 Slovene generations and more than half a million young Slovenians.*

*"Both programs are involved with the local community and are focused on the environment and environmental issues, both locally as well as nationally. With the creation of environmental awareness and ecological responsibility are also improving our environmental behavior and the future of our planet Earth, and thus the quality of life for present and future generations."*

*Fiorenzo Lupieri, President of DOVES-FEE SLOVENIA*

**Fiorenzo Lupieri**  
Predsednik Društva  
DOVES FEE SLOVENIA  
President of the association  
DOVES FEE SLOVENIA

## BLUE FLAG AS A KEY PERFORMANCE INDICATOR FOR THE ECO DESTINATION

### 15 operators awarded with Blue Flags in 2026.

*"As we all know climate change is a new challenge that brings global tourism more risks than opportunities, predicts regional, seasonal and product redistribution of tourist flows. Consumer behavior is changing rapidly; tourists are increasingly looking for green, responsible place. The Blue Flag and Green Key are promotional tools by which we can influence these consumer's decisions."*

*Boris Šušmak, M.Sc., Blue Flag program's National Coordinator Blue flag program offers Slovenian municipalities and to the tourist industry the opportunity to promote a tourist destination and can serve as an indicator of tourist destination's quality. The Slovenian Blue flag Program is also supported by the Slovenian Tourist Board for many years.*

The expected effects of the implementation of the Blue flag program can be summarized in the following indent:

- Introduction / expansion of ecological management, ecological standards in Slovenian tourism,
- Introduction and promotion of eco-label Blue Flag in Slovenian tourism,
- Cooperation within the world's Blue Flag family of ecologically responsible tourism managers,
- Informing the public about the state of the environment (clean water, beaches, protected areas, etc.)
- Cooperation of all stakeholders: tourists, local community, beach operators, hotels and marinas.

Blue flag criteria are grouped into four (4) categories:

- The quality of bathing water
- Environmental Education and Information,
- Environmental management and
- Safety and Services.

This eco label can award marinas and beaches for a period of one year/bathing season. Therefore, every year they must

do some effort to meet all the required criteria and pass the assessment. When the marinas and beaches are fluttering the Blue flag, this means also that a quality control have been done and provide a level of service to which they have committed in the call.

The International National Jury of the Blue flag decision is based on the proposal of the Slovenian National Jury and for the year 2026 confirmed 15 Blue flags. There is **45 countries** and over **4,423 Blue flags** in the World taking part of the Blue flag program and the number increases from year to year due to the fact that the Blue flag program represents the added value for beaches, marinas and municipalities and also serves as an indicator of the efficiency of tourist services and "green tourism"/eco-destination.

### 2026 BLUE FLAG AWARDED OPERATORS IN SLOVENIA

12 beaches: **Medusa Portorož, Central beach Portorož, Grajsko kopališče Bled, Saint Bernardin, Krka Strunjan, Salinera Strunjan, Simonov zaliv, Debeli Rtič, Šobec, Ville Park Bernardin, Municipality beach Koper** and 3 marinas: **Marina Portorož, Marina v Izoli and Marina Bernardin.**

**VARUJ MORJE  
PLASTIČNI ODPADKI V MORJU**

**ODPADKI IZ PLASTIČNIH MATERIALOV VSE BOLJ OGROŽAJO SVETOVNA MORJA**

Prisotnost odpadkov iz plastičnih materialov v svetovnih morjih je kot velika grožnja le tem prepoznana že kar nekaj zadnji let. V preteklosti so se zato nedvomno okrepla prizadevanja družbe za zmanjšanje in ustavitev onesnaževanja morij s plastiko. Zdi pa se, da obstoječa prizadevanja za zmanjšanje in ustavitev onesnaževanja morij s plastiko niso dovolj, saj vsako leto v morju konča med 4 in 12 milijonov ton plastičnih odpadkov. Prav tako trendi bodočega razvoja družbe, kljub začetnim prizadevanjem za zmanjšanje onesnaževanja morij s plastiko, kažejo na to, da se bo količina odpadkov v morjih v naslednjih 10 letih podvojila.

**Med 60 in 90 % vseh odpadkov v morju je iz plastičnih materialov**

Ena največjih globalnih groženj morskemu okolju je onesnaževanje s plastiko, saj odpadki iz plastičnih materialov v svetovnih morjih predstavljajo med 60% in 90% vseh odpadkov v morju in na obali. Na slovenski obali je na primer v povprečju 74% števila kosov vseh zbranih odpadkov iz plastičnega materiala. Še večji delež po številu vseh odpadkov pa v slovenskem morju predstavljajo plavajoči plastični materiali, in sicer kar 90%.

**Odpadki iz plastičnih odpadkov v morjih so zaradi njihove dolgoživosti in brezmejnosti morij globalna grožnja, ne le lokalna, tudi slovenskemu morju.**

Eden od ključnih razlogov, zakaj je onesnaževanje morij s plastičnimi materiali tako velika grožnja morjem je, da imajo plastični materiali izredno dolgo življenjsko dobo. Plastični material je namreč umeten material, ki ga naravni sistemi zelo težko razgradijo, zato njihova razgradnja lahko traja desetletja in več. Posledično pa se odpadki kopičijo v morskem okolju in na obali. Prav zaradi obstojnosti in kopičenja odpadkov ti lahko, preko različnih tokov morij tako v globljih delih morij, kot na njihovi gladini, kjer ima na gibanje morja pomemben vpliv tudi veter, prepotujejo velike razdalje in onesnažujejo ne le območje vira vnosa odpadkov (onesnaževalci), pač pa tudi oddaljena območja, ki niso neposredno obremenjena z viri vnosa odpadkov (onesnaževalci).

In prav za slovensko morje je značilno, da je izrazito podvrženo onesnaževanju z odpadki zaradi značilnih tokovanj morja, ki v ustreznih pogojih, tudi vetrovnih, v naše morje in na obalo, predvsem z južne in vzhodne strani Jadranskega morja zanese večje količine odpadkov.

**Odpadki iz plastičnih materialov v morjih škodujejo tudi zdravju človeka, ne le morskim organizmom**

V zadnjem času je vse več razumevanja, da plastični odpadki ne predstavljajo grožnje le morskim organizmom, temveč tudi človeku. Poleg odpadkov večjih dimenzij, ki vse pogosteje povzročijo pogin morskih živali, ki se v te odpadke zapletejo ali jih zamenjajo za vir hrane, predstavljajo odpadki manjših dimenzij vse večjo nevarnost tudi za zdrave ljudi. Odpadki se v morju se zaradi počasne razgradnje zadržujejo desetletja in v tem času razpadejo v manjše delce, mikroplastiko, ki jo morski organizmi pojedjo. Preko teh organizmov in preko prehrane mikroplastika prehaja v človeško telo. Drugi pomemben in škodljiv element so razgradni produkti plastike, ki so v veliki meri hormonski motilci, in strupene snovi, ki se prenašajo z odpadki, in so prav tako škodljivi tudi za človeka.

**Učinkovito preprečevanje onesnaženja morja z odpadki iz plastičnih materialov zahteva ukrepanje celotne družbe. Vsak prispevek, še tako majhen, šteje.**

**Velika pliskavka (*Tursiops truncatus*)  
Common bottlenose dolphin**  
— edina stalna vrsta kitov v severnem Jadranskem morju  
— the only permanent type of marine mammal in the northern Adriatic Sea

**Vatrene palčke  
Cotton buds**  
Kamofracijski odpadki so tisti odpadki, katere odvrzamo v straniščno školjko. Mimo čistilnih naprav se vatlne palčke, ki smo jih uparili s straniščno školjko, nalagajo na slovenski obali in katjo ogrožajo. V mesecu maju leta 2007 smo jih na 50 metrih slovenske obale našli več kot 500 kosov.

**Igralne  
Toys**  
Skupaj vsak mesec na slovenski obali najdemo 1000-150000 igračic, ki so na kakšen način našli pot v morje. Večina so jih na plaži pozabili starši ali otroci. Običajno so izdelane iz plastičnih materialov, ki v morju dolgo razpadajo ter ob tem sproščajo škodljive snovi za morske organizme.

**Plastične  
Aluminum cans**  
Aluminijaste ploščinke se pogosto uporabljajo kot odpadki na naši obali. Velikost jih za seboj pustijo obkroženi plat ali pa jih v morje vržejo kar krov ljudi. Na ostrih robovih ploščinke so lahko porinjeni ostre bodice in žuvali. Ploščinke so našli tudi v jedeh rib poginulih detlihov.

Onesnaženje morij z odpadki je globalnega značaja, zato je vsekakor potrebno okrepiti prizadevanja za zmanjševanje vnosa odpadkov v morja na globalni ravni, tako v odnosu družbe kot tudi posameznika do odpadkov. Ker pa se vsak uspeh začne z majhnimi koraki predno preraste v globalno uspešno zgodbo, vas vlijudno vabimo, da kot posameznik aktivno prispevate k ohranitvi morij in si morda za začetek izberete eno ali več v nadaljevanju predlaganih aktivnosti:

**1. Zmanjšajte uporabo plastičnih izdelkov za enkratno uporabo**

Kjerkoli živite, je najlažji in najbolj neposreden način, s katerim lahko začnete, zmanjšanje lastne uporabe plastike, ki je namenjena za enkratno uporabo. To so plastične vrečke, steklenice za vodo, slamice, skodelice, pripomočke, vrečke za kemično čiščenje, posodice za odstranjevanje in vsi drugi plastični predmeti, ki se po uporabi zavržejo. Najboljši način za to je:

- a) zavrnitev plastičnega izdelka za enkratno uporabo, ki ga ne potrebujete (npr. slamice, plastične vrečke, posodice za shranjevanje živil) in
- b) nakup in ponovna uporaba izdelkov za večkratno uporabo, kot na primer vrečke iz blaga, steklenice, stekleni kozarci, ...

## 2. Reciklirajte

Vedno, ko/če uporabljate plastične izdelke za enkratno uporabo preverite ali se jih da reciklirati in jih nato tudi vedno reciklirajte. To prispeva k zmanjšanju vnosa plastičnih materialov v morja.

## 3. Izogibajte se izdelkom, ki vsebujejo mikroplastiko

Drobni plastični delci, imenovani "mikroplastika", so v zadnjih letih postali naraščajoči vir onesnaževanja morij s plastiko. Mikroplastika ni le razgradni produkt večjih plastičnih kosov, pač pa se nahaja v številnih izdelkih, med katerimi so različni pilingi, zobne paste in kreme. Pri nakupu izdelkov se odločite za tiste, ki mikroplastike ne vsebujejo. Na trgu se že pojavljajo izdelki, ki mikroplastike ne vsebujejo in je na embalaži to jasno označeno.

## 4. Ozaveščajte druge s svojim zgledom.

## 5. Sodelujte v čistilnih akcijah na obali, in aktivno sodelujte v akcijah/kampanjah na temo reševanja problematike onesnaženja morij z odpadki iz plastike

Pomagajte odstranjevati odpadke iz morja in z obale. Preprosto pojdite na plažo/obalo ali na morje in zbirajte plastične odpadke sami ali s prijatelji ali družino, in prijetno združite s koristnim. Lahko se pridružite čiščenju morja in obale v kakršnikoli uradno organizirani obliki ali akciji.

Pridružite se aktivnostim, ki jih izvajajo različne institucije z namenom ozaveščanja in aktivnega preprečevanja onesnaževanja morja in obale z odpadki iz plastičnih materialov.

## 6. Pridruži se kampanji POSVOJI SVOJ KOŠČEK OBALE

Ob tej priložnosti vas vabimo, da se priključite kampanji POSVOJI SVOJ KOŠČEK OBALE, ki se začne pod okriljem letošnjega Mednarodnega navtičnega sejma INTERNAUTICA 2026 v sodelovanju z lanskoletnim dobitnikom nagrade za okoljevarstveni projekt na Internautici, projektom VARUJ MORJE BODI ZVEZDA, ki je nastal v sodelovanju z Ministrstvom za infrastrukturo – Upravo RS za pomorstvo, Ministrstvom za okolje in prostor, Agencijo RS za okolje, Direkcijo RS za vode, Zavodom RS za naravo, KP Strunjan, Društvom DOVES, Društvom Morigenos, Inštitutom za vode RS, Nacionalnim inštitutom za biologijo – Morsko biološko postajo Piran. Cilj kampanje je, da vsak posameznik ali skupina posvoji košček slovenske obale ali več njih, in za posvojeno obalo poskrbi na način, da s svojimi aktivnostmi (čiščenje, čistilne akcije) zagotavlja čisto obalo.

Več informacij o kampanji: [gp.mop@gov.si](mailto:gp.mop@gov.si) (pripis Kampanja Posvoji svoj košček obale).

► **PROTECT THE SEA, #RethinkPlastic**

**PLASTIC WASTE IS A GROWING THREAT TO THE WORLD'S OCEANS**

The presence of plastic waste in the world's oceans has been recognized as a major threat for a number of years now. Even though our society has undoubtedly been trying to reduce and stop the pollution of oceans with plastic waste, it seems that these efforts have not been sufficient, since between 4 and 12 million tons of plastic waste ends up in the oceans every year. Moreover, future development trends indicate that the amount of waste in our oceans will double in the next 10 years in spite of all the efforts to reduce plastic waste.

**Plastic materials account for anywhere between 60 and 90% of all waste in our oceans**

Plastic waste is one of the biggest global threats to marine environments. Plastic waste accounts for 60% to 90% of all waste in our oceans. This percentage is also representative for the Slovenian coast since plastic materials account for 74% of all collected waste as well as more than 90% of all floating waste.

**Plastic waste in the oceans is not only a problem in the Slovenian sea, it is a global threat because of the longevity of plastic materials and the connected nature of the world's seas.**

One of the key reasons that the pollution of oceans with plastic materials is a global threat is that plastic materials have an extremely long lifetime. Plastic is an artificial material which does not decompose easily in natural systems, and its decomposition can last decades or more. As a result, plastic waste accumulates in the marine environment and on the coast. Moreover, long-lasting plastic waste moves along sea currents and ocean streams, which means it can cover long distances in the oceans and pollute areas which are not directly threatened by this waste.

The above-mentioned phenomenon is very significant for the Slovenian part of the Adriatic, because of the Adriatic sea currents and atmospheric conditions (winds). Most waste in the Slovenian part of the Adriatic sea comes from the southern and eastern parts of the Adriatic.

**The plastic waste in our oceans is not only harmful for marine environments, but also human health**

People have recently become increasingly aware that plastic waste might also have severe negative effects on human health aside from the well-known negative effects on the marine environment. Macroplastics pollution is a big threat to marine animals (deaths, injuries), but microplastics pollution seems to be a big problem for human health. Microplastic materials/particles are consumed by sea creatures which are in turn consumed by humans, transferring the microplastic particles into our bodies. Degradation products, which are largely hormonal disruptors, are another important and harmful element of plastic pollution together with all the other toxic materials in such waste.

**Effective prevention plastic waste pollution requires action on the part of the whole society as well as every individual. Every contribution counts, no matter the scale.**

Plastic waste pollution of the oceans is a global threat. This is why it is necessary to step up our efforts to reduce the global input of waste into the oceans. Since every success story starts with small steps before it turns into a global success, we kindly invite you to actively contribute to marine conservation as individuals. You can start with any or all of the following activities:

### 1. Reduce your use of disposable plastic products

This is the easiest and most direct route to start, no matter where you live. Simply reduce your own use of disposable plastic products, which includes plastic bags, water bottles, straws, cups, utensils, dry cleaning bags, disposable containers and any other plastic items that are discarded after use. The best way to do this is by:

- a) Refusing plastic non-reusable products (such as straws, plastic bags, meal container);
- b) Purchasing and using reusable products, such as cloth bags, glass bottles, and glass jars...

### 2. Recycle

When/if you are using plastic disposable products, always check for recyclability, and always recycle them if possible. This way you can reduce the inflow of plastic materials into the sea.

### 3. Avoid products that contain microplastics

In recent years, tiny plastic particles, called "microplastics", have become an increasing source of plastic pollution in the oceans. Microplastics are not only a breakdown product of larger plastic pieces, but are also found in many products, such as various skin peeling products, toothpaste and creams. Chose to buy products that do not contain microplastics. Products that do not contain microplastics are already available in some markets.

### 4. Set an example for others.

**5. Join cleanup campaigns on the coast, and actively promote any activities that focus on solving the problem of plastic pollution in our seas**

a.) Help clean up waste from the sea and the coast. Just go to the beach/coast or head out to the sea and collect plastic waste yourself or with your friends or family. You can also join organized cleanup campaigns.

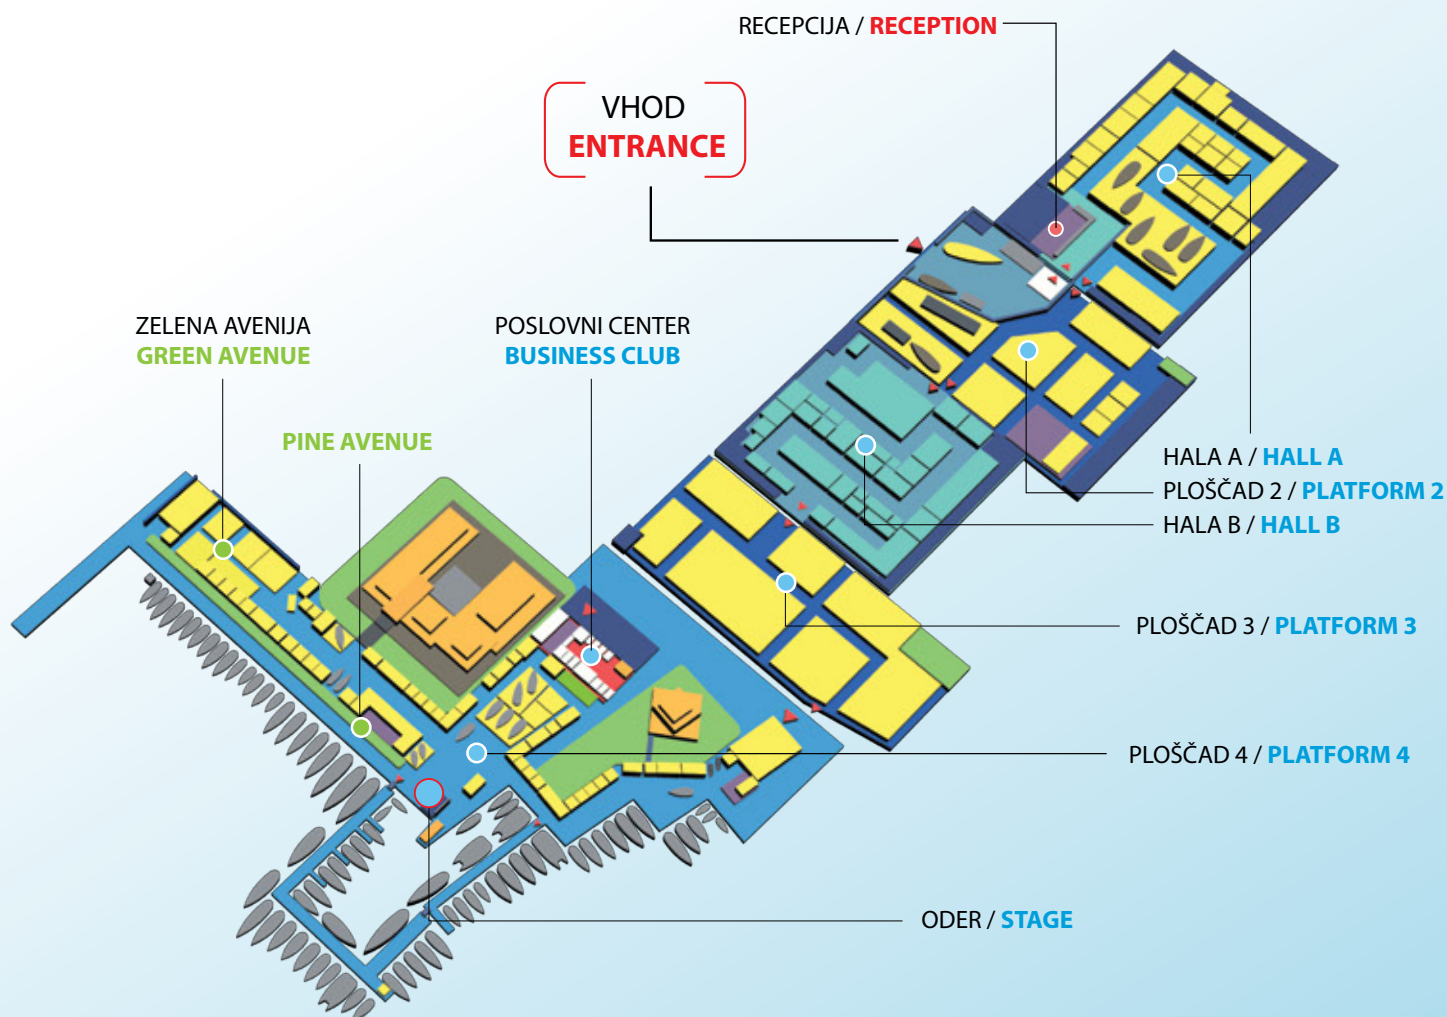

b.) Join campaigns and other activities carried out by various institutions in order to raise awareness and actively prevent the pollution of the seas with plastic waste.

### 6. Join the ADOPT A PIECE OF THE SLOVENIAN COAST campaign

On this occasion, we would like to invite you to join the "ADOPT A PIECE OF THE SLOVENIAN COAST" campaign, which launches this year supported by the International boat show Internautica 2026 and realized in cooperation with last year's winner of the first prize for an environmental project at Internautica, "Protect the Sea, Be a Star". The following agencies are also cooperating in the campaign: Ministry of Infrastructure (Slovenian Maritime Administration), Ministry of the Environment and Spatial Planning (Slovenian Environment Agency, Slovenian Water Agency), Institute of the Republic of Slovenia for Nature Conservation, KP Strunjan, DOVES Society, Morigenos Society, Institute for Water of the Republic of Slovenia, National Institute of Biology - Marine Biology Station Piran. The "ADOPT A PIECE OF THE SLOVENIAN COAST" campaign encourages every individual or group to adopt just one or several small pieces of the Slovenian coast. Adoption means that this individual or group will organize and perform activities which will help keep their piece of the Slovenian coast clean.

More information about the campaign is available at [gp.mop@gov.si](mailto:gp.mop@gov.si) ("Adopt a piece of the Slovenian coast" campaign).

Podjetje je pooblaščen distributer znamke Cranchi za Hrvaško, Slovenijo ter Bosno in Hercegovino, v regiji pa sodeluje tudi z znamko Apreamare. Njihova ponudba vključuje nova in rabljena plovila, strokovno svetovanje ter podporo pri nakupu in lastništvu jaht. Alberta Yachts d.o.o. is a Croatian nautical company based in Zagreb, specialising in the sale of luxury motor yachts and owner support services. The company is an authorised Cranchi distributor for Croatia, Slovenia, and Bosnia and Herzegovina, and also works with the Apreamare brand in the region. Its offer includes new and pre-owned yachts, professional consulting, and support throughout yacht purchase and ownership.
<b>ALPINE, GA ADRIATIC D.O.O.</b> Dunajska cesta 22 1000 Ljubljana Slovenija/Slovenia P4	<b>Kristina Škrlič</b> 0038641374447 kristina.skrlic@grandautomotive.eu	Alpine, ki ga je leta 1955 ustanovil Jean Rédélé, je danes sinonim za francosko športno eleganco, lahkotnost in užitek v vožnji. Z modelom Alpine A110, predstavljenim leta 2017, je znamka uspešno obudila svojo legendarno dediščino. Danes Alpine razvija ekskluzivne športne avtomobile nove generacije, med katerimi izstopata tudi električna modela Alpine A290 in Alpine A390. Alpine, founded in 1955 by Jean Rédélé, has become a symbol of French sporting elegance, lightweight design and driving pleasure. With the launch of the Alpine A110 in 2017, the brand successfully revived its iconic heritage. Today, Alpine continues to develop exclusive next-generation sports cars, including the electric Alpine A290 and Alpine A390.

HSZ Mirno morje Slovenija je partner najuspešnejšega vseevropskega projekta Mirno more – Flota miru in tolerance, za otroke in mladostnike s posebnimi potrebami, ki združuje to populacijo na jadraniu, letos že 32-tič. Mi se ga udeležujemo že 21 let.

Javnosti želimo predstaviti naše poslanstvo in aktivnosti na projektu ter tako ljudem približati drugačnost otrok in mladostnikov s posebnimi potrebami. Verjamemo, da nam bo to uspelo, kot smo si zamislili in kot vsa leta do sedaj.

HSZ Mirno morje Slovenija is a partner of the highly successful pan-European project Mirno more – Fleet of Peace and Tolerance, which brings together children and young people with special needs through sailing. This year, the project will take place for the 32nd time, while HSZ Mirno morje Slovenija has been participating for 21 years. Through its presentation, the organisation aims to introduce its mission and project activities to the public, while helping people better understand and accept the diversity of children and young people with special needs.

Solvivo je specializiran distributer premium vin in prefinjenih brezalkoholnih pijač, ki na slovenski in sosednje trge prinaša skrbno izbrane, nagrajene in priznane etikete. Vsaka vinska klet, ki jo zastopamo, ima svojo zgodbo uspeha, zgrajeno na predanosti, tradiciji in kakovosti. Sodelujemo tudi z izbranimi restavracijami in hoteli najvišjega razreda po regiji, da te edinstvene okuse približamo ljudem.  
Solvivowines – zgodbe v vsakem kozarcu, kakovost v okusu.  
Solvivo is a specialized distributor of premium wines and distinguished non-alcoholic selections, bringing carefully selected, award-winning, and acclaimed labels to Slovenia and neighboring markets. Each winery we represent carries a story of success, built on dedication, tradition, and quality. We also partner with select top-tier restaurants and hotels across the region to bring these exceptional taste profiles to the public. Solvivowines – stories in every glass, excellence in every taste.
